EXPERIENCE

Lecturer, ISM University of Management and Economics

Sept 2023 – Present

- Teaching courses on web and app design, mentoring 40+ students in business ventures, and securing high-profile guest lecturers from Lithuania and the U.S.
- Ranked 4.79/5 by students (Spring '24), placing among the top lecturers at ISM. Represented the university for international delegations (Northeastern University) and as a speaker at global events (ISM EMBA Gala, etc.).

Product Manager, XREA

Oct 2022 – April 2024

- Led strategic UX innovation project for a real estate feasibility analysis startup, which aimed to reinvent real estate feasibility analysis in the United States using machine learning (ML) solutions. Developed a product solution which shortened the initial analysis from 12 weeks to a few hours, reshaping the company's product roadmap.
- Re-envisioned website branding and crafted strategic pitch materials.

CEO & Co-Founder, brandù Digital Marketing Agency

Apr 2019 – Aug 2022

- Founded and scaled the company to €300k in annual revenue, profitable from day one. Led a team of 12 in developing 170+ projects globally. Notable projects: 900% revenue growth for MATH Scientific Skincare ecommerce business; employer branding campaign to attract 400 new employees for Thermo Fisher Scientific Baltics; highly performing website revamp solution for Klaipeda State College (serving 60k+ visitors per month).

LEADERSHIP & SERVICE

Founder and Project Manager, Smart Projects NGO (*Išmanieji Projektai, VšĮ*)

Oct 2013 – Dec 2019

- Led a team of 40+ volunteers to organize a national STEM competition, Smart Day with 15,000+ students and teachers participating across 500 schools in Lithuania.
- Expanded the initiative into multiple projects, including a trivia tournament (Smart Fights; 350+ participants), a teacher-focused e-book series (Smart Teacher; 2000+ downloads), and a season-ending event (Smart Event; 100+ participants each year), fostering interdisciplinary education in math, science, and economics.

Leadership in STEM & Community Engagement

- Conceptualized an admissions selection event at ISM for the Entrepreneurship & Innovation program, incorporating personal introduction and teamwork ability testing exercises.
- Delivered entrepreneurship and leadership workshops at 15+ schools, reaching over 350 students in collaboration with ISM's Business Class project.
- Organized and hosted online trivia events in 2022, raising over €2,500 to support Ukraine relief efforts.
- Selected as a member of the prestigious National Student Academy (2010–2014), completing intensive programs in informatics and advanced problem-solving.
